Technical Sheet

QD76KE
Multi-purpose Quik Drive Attachment

The QD76KE is a multi-purpose Quik Drive attachment suitable for screws ranging from 25mm to 76mm in length. Complete with 3 interchangeable nose pieces, the QD76KE can be used for a variety of applications including drywall, flooring and decking. Quik Drive attachments are manufactured containing PTFE to reduce friction and impart non-stick properties meaning that no lubrication is required. The QD76KE kit comes complete with extension pole to allow for stand up and drive, improved ergonomics and increased health and safety benefits.

Features

Material

- Manufactured containing PTFE
- No lubrication required

Benefits

- 3 interchangeable nose pieces suitable for screws 25mm to 76mm long
- Extension pole included
- Smooth nose pieces prevent marking the work surface
- Self-locking depth adjustment for consistent countersinking of screws
- Connects easily with screw gun or extension
- Self-lubricating material for long life and smooth operation
- Possible 360° rotation of attachment on adapter or extension

Kit Includes

QD76KE Quik Drive attachment, 3 interchangeable nose pieces, extension, mandrel, variety of driver bits, screw pouch and large carry case.

Applications

Common Applications

- Flooring
