Technical Sheet

CHB
Timber to Timber Screw

The CHB is a 51mm screw with coarse thread suitable for fixing timber to timber. It has a flat countersunk head with ribs which enables the head of the screw to be easily countersunk into the timber ensuring a neat finish. The screw has a type 17 point which eliminates the need for pre-drilling and reduces the installation torque.

BIT2SE

Features

Material

Steel - Electro galvanised clear zinc coating

Applications

Common Applications

- Subfloor installation
- Cassette flooring
